CURRICULUM

Tutors - College educated tutors help students understand their homework so they are better able to complete it correctly.

Enrichment Classes - Through the year, **leap** exposes students to at least 12 fascinating enrichment classes. The classes teach students the arts, sciences, athletics and a bounty of future possibilities.

Natural Snacks - **leap** encourages healthy diets. We provide nutritious snacks to help students start healthy eating habits.

FUN Workshops - During Extended Care, students attend FUN Workshops.
FUN (Fundamentals Understood Now) Workshops take students back to basics with reading and math. FUN Workshops help students brush up on their FUNdamental skills.

OUR PHILOSOPHY

We Believe:

- inspiring the total person, academically, creatively and physically, boosts confidence and improves grades.
- balance, routine and order help students develop habits that support graduating high school and college.
- exposure to the arts and sciences awakens talents that are self-motivating.
- healthy, well-rounded individuals are more likely to succeed.
